## What We Do

IT LEGENDS LLC is a security-first managed services provider (MSP) serving solo professionals, small and medium businesses, and regulated industries across Illinois.

We design right-sized IT environments that “just work” — managed devices, Microsoft 365, security, backup, and support — without forcing you into one-size-fits-all contracts.

Security-first • Clear communication • Affordable options for solo pros • No long-term contracts • Founder-led service

## Core Managed Services

- Managed desktops & laptops (Windows / macOS)
- Managed servers & basic infrastructure
- Microsoft 365 & email tenant management
- Email & endpoint security (AV/EDR)
- Patch management & health monitoring
- Backup & basic disaster recovery
- Network & Wi-Fi management
- Remote & on-site support (Illinois)
- IT consulting & roadmap planning

## Service Bundles at a Glance

## Why IT LEGENDS

- **Security-first by default** – MFA, patching, and backups as standard practice.
- **No long-term contracts** – Start small, grow as you see value.

Insurance agents

Retail & service shops

Solo entrepreneurs

- **Founder-led service** – You're not just a ticket number.
- **HP / HPE & Pax8 alignment** – Business-class hardware and cloud services.
- **Clear, simple communication** – Plain language, not buzzwords.
